Atlantic Liners Detained.

New York, N. Y., Oct. 3.—Because of the cholera scare in Europe, two incoming trans-Atlantic liners, the Lap-

land, from Antwerp, and the Perugia from Naples, are detained at quarantine for inspection. The deaths occurred on the Lapland during the voyage—that of Dr. Samuel D. Gilbert, a first class passenger, whose address was not given and that of a child in the steerage. The illness of a quartermaster caused the detention of the Perugia.

Arrest Three Rioters.

Augusta, Ga., Oct. 3.—Following serious rioting today aboard the first section of a circus train en route from Columbia, S. C., to Augusta, in which a white man was shot to death, a negro forced to jump from the moving car, and an attempt was made to rob employees of the circus, wholesale arrests were made by the Augusta police on the arrival of the train here. Three rioters, one of whom confessed a part in the trouble on the train, are in jail.

Sale of Fort Davis, Abandoned Military Reservation.

Department of the Interior, Washington, D. C., Oct. 3.—Notice is hereby given that the Fort Davis abandoned military reservation, Texas, which has been surveyed into thirty lots, containing 20,000 acres, and duly appraised, will be sold at public auction under act of Congress of July 5, 1884 (23 Stat. 102), by James W. Witten, superintendent of the opening and sale of Indian lands, on or after the reservation, on November 21, 1910, commencing at 10 o'clock a. m. Each lot will be sold separately at not less than the appraised price, but any person may purchase any number of tracts for which he is the highest bidder. Payment must be made at the time of sale, either in postoffice money order, certified check drawn on a national bank, or New York draft by a national bank, each payable to the order of the Commissioner of the General Land Office, Washington, D. Catarh and Blood Disease—Doctors Failed to Cure.

Miss Mabel F. Dawkins, 1214 Lafayette St., Fort Wayne, Ind., writes: "For three years I was troubled with catarh and blood disease. I tried several doctors and a dozen different remedies, but none of them did me any good. A friend told me of Hood's Sarsaparilla. I took two bottles of this medicine and was as well and strong as ever. I feel like a different person and recommend Hood's to any one suffering from catarh."

PUEBLO DELEGATES ARRIVE SATURDAY

Met at the Union Station by Mayor and Special Brass Band; Fireworks.

Met by an improvised band of rooters, the Pueblo delegation to the national irrigation congress returned Saturday evening at 6:55. When the train pulled into the union station bombs were fired, the band played and the returning victors were given an old fashioned McGinty club reception. The delegates and the escort of "stay at homes," headed by Z. T. White and C. B. Stevens and mayor C. E. Kelly, marched downtown behind the band.

The delegation came to Albuquerque on the irrigation special and from Albuquerque on the regular train for El Paso. The Mesilla valley delegation left the party at Las Cruces.

The mock court was held on the train to keep peace during the jubilant return trip. Powell Stackhouse, who is a New Mexico game warden, was the peace officer, assisted by D. M. Payne. Numerous arrests were made and fines fixed according to the offences charged.

Broke Into Print.

The El Paso-New Mexico delegation to the 18th national irrigation congress succeeded in breaking into print on every occasion at Pueblo. The Friday edition of the Pueblo Chieftain had a four column front page series of pictures of the leading members of the El Paso-New Mexico delegation to the irrigation congress. Felix Martinez, who is labeled "a political leader," and is that and more; G. A. Martin, news editor of The Herald and fraternal delegate from the Texas Dry Farming congress, of which he is president, was billed as "an active figure during the week." Gen. B. J. Viljoen and J. A. Harper are shown in a brother act picture and the Municipal band is shown serenading the Chieftain office.

The Chieftain of the same issue also says: J. D. Tinsley, late professor of the New Mexico A. & M. college, but now agricultural expert for the Santa Fe railroad, is attending the congress and will leave this evening for Spokane, to attend the Dry Farm congress, of which he is an executive committee member. G. A. Martin, president of the Texas Dry Farming congress and executive committee member of the national organization from Texas, will also leave today for Spokane. They will both accompany the Colorado Springs delegation and assure it of their hearty aid in carrying the next meeting of the congress.

YOU CAN INTEREST HIM.

Any Man Over Fifty.

You can interest any man over 50 years of age in anything that will make him feel better, because while he may not as yet have any positive organic disease he no longer feels the buoyancy and vigor of 25 nor the freedom from aches and pains he enjoyed in earlier years, and he very naturally examines with interest any proposition looking to the improvement and preservation of his health.

He will notice among other things that the stomach of 50 is a very different one from the stomach he possessed at 25. That greatest care must be exercised as to what is eaten and how much of it, and even with the best of care, there will be increasing digestive weakness with advancing years.

A proposition to perfect or improve the digestion and assimilation of food is one which interests not only every man of 50 but every man, woman and child of any age, because the whole secret of good health, good blood, strong nerves, is to have a stomach which will promptly and thoroughly digest wholesome food because blood, nerves, brain tissue and every other constituent of the body is entirely the product of digestion, and no medicine or "health" food can possibly create pure blood or restore shaky nerves, when a weak stomach is replenishing the daily wear and tear of the body from a mass of fermenting half-digested food.

No, the stomach itself wants help and in no round about way either: it wants direct, unmistakable assistance, such as is given by one or two Stuart's Dyspepsia Tablets after each meal.

These tablets cure stomach trouble because their use gives the stomach a chance to rest and recuperate; one of Stuart's Dyspepsia Tablets contains digestive elements sufficient to digest 3000 grains of ordinary food such as bread, meat, eggs, etc.

The plan of dieting is simply another name for starvation, and the use of prepared foods and new fangled breakfast foods simply makes matters worse as any dyspeptic who has tried them knows.

As Dr. Bennett says, the only reason I can imagine why Stuart's Dyspepsia Tablets are not universally used by everybody who is troubled in any way with poor digestion is because many people seem to think that because a medicine is advertised or is sold in drug stores or is protected by a trade mark must be a humbug, whereas as a matter of truth, any druggist who is honest knows that Stuart's Dyspepsia Tablets have cured more people of indigestion, heartburn, heart trouble, nervous prostration and run down condition generally than all the patent medicines and doctors' prescriptions for stomach trouble combined.
